## **Worldwide Limited Product Warranty**

Effective July 1, 2008

Tele Vue Optics warrants its “first-quality” products, to the original owner, to be free of manufacturing and workmanship defects for a period of five years from the date of initial purchase. Reasonable proof of the date of first purchase of the product at retail will be considered the sole determinant in deciding compliance with our warranty.

This warranty does not extend to any product whose serial number has been defaced or altered, or to any product which Tele Vue Optics determines to contain a defect or malfunction caused by damage while in the possession of the consumer. The above descriptions may include incorrect installation, maladjustment, misuse, negligence or servicing by the consumer, or by a failure on the part of the consumer to provide reasonable and necessary maintenance. This warranty does not apply to defects involving subjective personal likes or judgments, defects caused by exposure to extremes of temperature or humidity which cause harm to the product, to products not purchased from an authorized Tele Vue dealer.

Additionally, this warranty does not apply to any product not originally intended for sale as Tele Vue Optics “first-quality”, i.e., products meant for distribution or sale as demonstrators or having known cosmetic defects. These products are factory-marked by Tele Vue Optics for identification purposes. Further, Tele Vue Optics reserves the right to disallow any products from warranty coverage that are deemed to have been received by the end customer in other than factory-sealed condition. In no event shall Tele Vue be liable for any indirect, incidental or consequential damages.

Should warranty service be sought, contact Tele Vue prior to shipping for instructions and Return Authorization number. Product returned for service must contain a proper Return Authorization number and must be shipped prepaid in the original shipping carton (containing all original packing materials) and insured for its original value. In cases where the original shipping carton and/or packing materials are not available, customers and dealers are directed to contact Tele Vue Optics for the appropriate replacement materials (available for a nominal fee).

Tele Vue or one of its factory authorized service agents will evaluate the returned product. Service, repair or replacement as appropriate under this Limited Warranty is at the sole discretion of Tele Vue Optics, Inc. When complete, the product will be returned with shipping and insurance to be paid by the purchaser. In the event it is determined that the asserted defect is not covered by or is excluded from this Limited Warranty, the customer will be informed of any repair charges prior to work commencing. If the customer does not wish to proceed with the repair, the product will be returned without repair, shipping and insurance to be paid by the purchaser.
